ROCK N' ROLL: How about a personal birthday concert? **92YTribeca** offers a party space for use either before or after the venue's popular B.Y.O.K. (Bring Your Own Kid) concerts. The songs for seeds celebration at **apple seeds** features a live band (guitar,

keys and drums) that kids can rock out to. Or, have a dance party with **Applause NYC** and put together your own playlist for live musicians to perform. Puppets and bubbles are included! Kids can also rock out to **Little Maestros**, who sing and play guitar, piano and drums. Songs range from traditional kids songs to classic party tunes (or request your own). They even break out puppets, bubbles, parachutes, and more fun activities.
