## *apple seeds offers over 100 classes a week*

It's time to get out of the cold and experience apple seeds for yourself! Named Best Play Space 2007 by Time Out New York Kids and Best Play Space 2008 and 2009 by New York Magazine, apple seeds (10 West 25th Street at Broadway) offers a state of the art in-

door playground, over 100 children's classes per week, a hip boutique, unique birthday parties, an award-winning day camp (Nickelodeon's Parent's Connect Best Day Camp 2008), a café, a children's hair salon and special events for families of children newborn to five years old.

We strive every moment of every day to be a safe, clean and fun place for our community to gather, socialize, learn and play. The 2,500 square foot indoor playground was built exclusively for apple seeds by a children's museum designer. The primary play space has nine permanent ex-

hibits including a soft climbing area and shape sorter "garden" for babies, the apple seeds deli, NYC taxi and apartment building, Lego construction area and magnet wall. The adjacent sports playground features basketball nets and soft gym equipment suitable for all ages.

apple seeds offers an enriching and wide selection of classes for babies and children up to age five. These classes

include: apple seedlings (gentle separation program), songs for seeds™ (music), my Chelsea art opening (art), COOKing monsters (cooking), build it! break it! fix it! (construction), (science), move baby, move! (baby movement), apple CORE training (movement and sports), bookworms (language) and world sippy cup soccer (movement and sports).

Classes are designed to allow children to explore and learn at their own pace in an

environment built especially for them. Activities are creative, playful, hands-on and driven by developmentally appropriate learning.

We're currently enrolling for our winter 2011 semester. Mention "T&VJAN" when you sign up for winter classes and receive \$25 off of your registration.

For more information about classes or membership please visit [www.appleseed-snyc.com](http://www.appleseed-snyc.com) or call our front desk at (212) 792-7590.
